ABOUT ME

Passionate Frontend Engineer with a solid foundation in modern web technologies and a strong commitment to continuous learning. I excel in quickly mastering new technologies, taking ownership of projects, and employing a detail-oriented approach to problem-solving. My experience includes developing end to end solutions using React.js and TypeScript in fast-paced, deadline-driven environments, and I am eager to contribute my skills to a dynamic development team.

EXPERIENCE

Delivery Hero

Sept. 2023 - Present

Software engineer II

Berlin, DE

- Engineered scalable and high-performing software solutions for a global, high-traffic customer care platform using TypeScript and React.js.
- Delivered 35+ features in collaboration with cross-functional teams, boosting global contact resolution rates by 5%.
- Led the end-to-end management of 20+ epics, including requirements refinement, planning, and on-time delivery.
- Proposed and implemented code-splitting techniques, significantly improving application performance and user experience.
- Developed and maintained robust test suites using Cypress, Jest, and React Testing Library, ensuring reliability and maintainability.
- Optimized observability logs to enhance cost efficiency, reducing operational expenses while maintaining system reliability and traceability.
- Mentored a junior team member, guiding her through the codebase, technical inquiries, and pair programming to support task completion and team integration.

We Love Models

Jan. 2017 – Nov. 2022

Fashion Model

International

- Worked with renowned brands like Dior, Moncler and Diesel across 6 countries, showcasing adaptability and cultural competence.
- Successfully navigated high-pressure environments, demonstrating resilience and effective communication skills.

EDUCATION

AWS Technical Essentials

Oct. 2023

Amazon Web Services

Berlin, DE

Plataforma 5 Coding Bootcamp

Jan. 2023 - Apr. 2023

Full Stack Developer, 800 hr.

Buenos Aires

- Utilized Agile methodologies to manage projects and collaborate effectively with team members.
- Covered a comprehensive syllabus including computer science fundamentals such as data structures and algorithms, as well as relevant technologies and advanced JavaScript concepts.

Universidad Blas Pascal

Aug. 2019 - Jul. 2020

Bachelor in Advertising

SKILLS
